Mr. Peter Frazzano, Principal

March 15, 2010

Dear Parents,

As spring approaches it might be helpful to keep in mind the district and school guidelines for appropriate school clothing. Please be aware of the following:

1. All shoulders (boys and girls) must be covered. This means basketball type shirts with thin straps require a sleeved shirt under them. Girls who wear tube tops, sheer tops or spaghetti strap tops must wear a sleeved shirt over them.
2. All tops **MUST** cover the midriff area.
3. Clothing **MUST** cover undergarments at all times.
4. Skirts and shorts must be long enough to meet the fingertips when the arm is at rest at the side.
5. Backs must be covered.
6. No clothing with obscenities or inappropriate sayings will be allowed in school.
7. Shoes should have backs on them (**no clogs**). Shoes should not have too high a heel or sole. Open toe footwear is also inappropriate in terms of safety (**flip-flops**). Students will be going outside to the playground and to gym class and will be best served by traditional sneakers with backs on them.
8. Hats, scarves or bandanas may not be worn in school.

Our students are becoming young ladies and gentlemen and we need your support to help them dress comfortably as well as appropriately. It is my hope that we all adhere to the above guidelines because it will help us have a better school.

Thank you for your cooperation.

Sincerely,

Peter Frazzano
Principal
