Mr. Peter Frazzano, Principal

Dear Parents and Guardians,

As the winter months approach, I want to remind you of our emergency snow closing procedure.

I know you are all aware of our District HONEYWELL INSTANT ALERT System which notifies parents, via cell phone, home phone or email, when schools will be closed, delayed openings, or early closings. If you have not set up your account or need to make changes to your telephone number or email address please log onto InstantAlertHelp@Honeywell.com or call Ginny Damiano (973)292-2300 x2004 for assistance.

The Honeywell System is the only method that will be used to notify you of emergency school closings. Therefore, it is very important that the numbers registered in the system are up to date. When you receive a call from the Honeywell Instant Alert System, please be sure to acknowledge receipt of the call by pressing 1.

Sincerely,

A handwritten signature in black ink that reads "Peter Frazzano".

Peter Frazzano
Principal
